Subject: Microsoft Settlement

To whom it may concern

My Name is Jason Robinson.
I am a US Citizen, age 26.

Beyond those facts, no amount of justification should be necessary
to accept the following as valid opinion.

I do not agree with the currently proposed settlement.

While it does appear to solve a few problems that led to microsoft
becomming the Monopoly that it currently is,
it does not propose adequate restrictions to bring back fair
competition to the arena of computer operating systems,
nor does it propose adequate repercussions to Microsoft for their
past injustices.

I am not a microsoft hater.
I use their products every day just like you.....wheter we like it
or not.

Please provide a remedy that will provide just penalties to a
company of Microsoft's size and wealth,
and will restore the ability for companies and individuals to gain
entry into the Operating System Market.

Thank you for your time,

Jason Robinson
